

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful

The old-time mixture of sage tea and sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound," for about 50 cents a bottle. It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

## AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings. What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves. Scott's Emulsion is a scientific food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs. Scott & Bowse, Bloomfield, N. J. 15-35

## IN BOSTON MARKETS.

Signs That Eggs May Drop in Price—Butter Market Steady.

Boston, March 15.—The local egg market appears to be on the verge of a decline and the lower grades of western stock actually are lower. The movement of nearby eggs to market is still restricted by poor transportation facilities and by hard going in the country and receipts as yet are none too large for wants, but dealers are looking for larger receipts, now that the weather is getting better. No change is noted in butter prices, but the decline in New York makes buyers cautious and sellers a little more anxious to sell and the market is best described as only steady. The cheese market is quiet but steady in the lack of pressure to sell.

Jobbing quotations: Butter—Fancy northern creamery, tubs 36¢@37½¢, boxes 37¢@37½¢, prints 37½¢, fancy storage creamery 33¢@34c, good to choice creamery 31¢@32c. Brighton, Mass., March 15.—Hogs and all beef stock were higher at the Brighton stockyards yesterday, but calves were rather easy and sheep and lambs unchanged.

Best beef cattle were firm, sales of tops being made at 8½¢, with an occasional sale at 9¢ for something fancy. Good cattle sold at 7½¢@8c and light cattle at 7¢@7½¢.

Some fancy heifers and beef cows sold as high as 9c, the range for tops being 6½¢@7c, with good cows at 5½¢@6½¢, ordinary cows at 5¢@5½¢ and canners at 4¢@4½¢.

One fancy bull, weighing 1,500 pounds, from a nearby Massachusetts town, brought 7c, the run of sales of average stock being generally at 6¢@6½¢, with average stock at 5½¢@6c and bologna bulls at 4½¢@5c.

Ten calves appeared to be about the top for fancy calves, and very few were good enough to bring that figure. Best lots sold generally at 9¢@9½¢, with fair lots at 7¢@8c and grassers and drinkers at 5¢@7c.

Another advance was noted in hogs and a few fancy sold as high as 10½¢, though the bulk of the best lots did not bring over 9½¢@10c. Rough lots sold at 9½¢@9½¢ and boars at 4½¢@5c.

Arrivals of sheep and lambs were light, and prices well sustained. Best eastern lambs sold at 9c, the range being 7¢@9c, with sheep at 5¢@7c.

Milch cows were slow of sale and easier. Ordinary milkers sold as low as \$35, the range being from \$35@50, with good cows at \$60@75 and fancy milkers at \$80@100, and occasionally more.
